

MOTUL*fluid force*

4-Stroke

HTECH 100

10W40

Formulated for turbo and naturally aspirated gasoline engines.

Formulated with high performance and anti-oxidation preventing premature oil thickening and ageing due to thermal stress.

Effective deposit and sludge control to help maintain engine cleanliness.

SPECIFICATIONS

Product

HTECH 100

Feature

Anti-oxidation preventing premature oil thickening and ageing due to thermal stress. Anti-corrosion, Anti-foam properties.

SAE/DOT Standard

10W40

Specification

API SL

Maker's Approval

—

Compatibility

Designed for turbo or naturally aspirated gasoline engines.
